Workshops

Last Updated Sunday, 17 June 2007

I offer tabla workshops and lecture demonstrations for schools and adults.

I also work with south Indian / jazz vocalist Suba Sankaran in schools. Starting in September, we will be working with Prologue To The Performing Arts, appearing in schools across Ontario offering interactive, educational concerts focusing on the classical music of India.

"Prologue to the Performing Arts is a charitable, not for profit arts organization dedicated to enriching the lives of young people by connecting them to high quality live performing arts."

Prologue is proud to act as the leading resource for high-quality arts performances in schools. Our services ensure that students have the most engaging and comprehensive artistic experience possible. Each live performance maintains the highest standards and expectations. With every booking you receive:

- A quality live performance directly in your school pre-tested by parents and teachers at approximately $2.50 per student.
- Many artists and companies offer workshops to enhance the performance experience.
- A Teacher Resource Guide including pre and post performance activities.
- A CD or tape for most musical performances.
- A Question and Answer session following the show.
- Assurance that all Prologue artists have successfully complied with the Ontario Education Services Corporation criminal reference check.
- No additional costs—all prices listed are inclusive of taxes, artist fees and travel costs.
- One price—schools pay the same price throughout Ontario.

Visit Prologue.org for booking info.
